Dear Mr Stearns:

The Northeast Florida Association of Realtors is pleased to inform you that you have been recommended by the Association for election to United States House of Representatives, District 3.

NEFAR is recommending your candidacy to over 4,900 of its members based upon your concerns and support of real estate and pro-business issues. As Realtors, we have made it a practice to help elect candidates who understand our industry. In turn, candidates like you have kept an open door and also actively sought our input regarding real estate matters and issues concerning private property rights. Further, the continued cooperation between business and government will serve to forge a great foundation for the future of Florida and its economy.

Good luck with the election! If there is any way that we can help you, please do not hesitate to contact Nancy Garcia, NEFAR Government Affairs Director at (904) 394-9494, ext 1205.

Sincerely,

Dane Leslie, 2012 NEFAR President  
Northeast Florida Association of Realtors
